

ATEX & ANTI-CORROSION

SHEMESH AUTOMATION CORE FILLING
SEALING AND CAPPING 120PPM LINE
WITH COMPLETE EXPLOSION (EX) AND
CORROSION PROTECTION

Explosion Proofed &
Corrosion Proofed

Let us build your vision

Explosion Proofed & Corrosion Proofed

Corrosive or alcohol-based solutions dictate that your equipment is duly fitted to professionally handle these delicate environments. Years of experience in the field made it possible for us to tailor you the exact protection so your production is safe and stable while your people and equipment are well protected keeping your facility at the top of the range.

All of our machines are constructed using SST 304/316L, and are available with anti corrosive proprietary coating. As well as the machine base, all vital parts such as nozzles and pumps are also specially treated.

SHEMESH AUTOMATIONS' CIW120 SNAP-ON 120PPM CAPPING MACHINE, EXPLOSION PROOFED AND CORROSION PROOFED

SHEMESH AUTOMATION'S
